

Got a Minute? Edge 100 Feet!

*Now that will improve
your profitability!*

Forget labor intensive and back-breaking bed edging with a shovel. With the BedShaper®, you'll create clean, sharp edges, even "S" curves, at up to 100' per minute. With these speeds, you'll cut your labor costs almost as fast as you'll cut the most intricate shapes!

- ✓ Tremendous productivity - great ROI!
- ✓ Hydrostatic Drive - forward and reverse!
- ✓ Walk forward to use the machine - no more looking behind you!
- ✓ Floating cutter head "walks" over rocks and roots!

Also available as
an attachment for
Grasshopper® and
Walker mowers
