Minuteman[®] Parker[®]

Minuteman[®] Parker[®]

The application

- Simple
- Productive
- Effortless

Minuteman[®] Parker[®]

Benefits to turf:

- Brushes turf to standing position
- Eliminates cumbersome vacuums, i.e., for large divots
- Available in four models
- Multiple-height capabilities
- Impacted grass or mowed grass is easily serviced following lawn sweeping
- Grass stands to optimum cutting position

Minuteman[®] Parker[®]

Minuteman[®] Parker[®]

Sports turf application 15 to 20 times per season:

- Eliminates heavier/cumbersome damaging equipment
- Over-seeding is more productive with the Lawn Sweeper system
- Bristles actually open up the grass for this application
- Debris pick up of every type
- Productivity and viability for fertilization is key
- Cutting processes are maintained more effectively with use of the Lawn Sweeper

Minuteman[®] Parker[®]
